

To the teams participating in the Indian Street Premier League T10 2024

29th February 2018, Mumbai

Dear Team Operators,

Please find below the dug outs rules which need to be followed and complied with:

The player “dug out” forms part of the Players and Match Officials area which is the subject of certain important guidelines.

A list of persons who may join the players from each team in their dug out will be attached to the dug out for each match. No-one whose name does not appear in this sheet may join the players in the dug-out at any time during any innings. For the sake of clarity, up to 6 Team officials may sit in the dug-out: being the coach, assistant coach, manager, trainer, physiotherapist and analyst. No person performing any other role may sit in the dug-out.

Your co-operation and understanding is appreciated.

Regards,
ISPL Team
Management
